

Gem tekstdokument som PDF

The screenshot shows the Microsoft Word interface. The 'FILER' tab is selected in the top ribbon. The left sidebar shows the 'Navigati...' pane with a search bar and a list of sections. The main document area displays the text of the resume, including the name 'Thomas Jørgensen', contact information, and the title 'Mekaniker med ønske om at gøre en forskel'.

The screenshot shows the 'Oplysninger' (Information) pane in Microsoft Word. The 'Gem' (Save) option is highlighted in the left sidebar. The main area shows the document title 'Ansøgning - Netto Biler' and the 'Skrivebord' (Desktop) location. The 'Beskyt dokument' (Protect document) section is expanded, showing options to protect the document with a password or restrict editing. The 'Undersøg dokument' (Inspect document) section is also visible, showing options to check for issues like document properties and sidebars.
